

WHAT CAN **you** BUY WITH IT?

We could use it to build a dental clinic...!!!

El Remate is a peaceful little village on Lake Izta near the Mayan ruin city of Tikal.

Volunteers from Dentistry For All have been providing dental care to the poor in the area for ten years. In El Remate, we are **changing smiles, and changing lives.**

Your \$40 contribution will help us to create a sustainable dental care system for the people of El Remate. We are building a community dental clinic, as a part of an existing medical clinic and community library... to provide oral health care and preventative education, and to provide preventative, restorative, and surgical dental treatment for those in need.
