

MOBILITY FUND

**Dentistry For All requires mobility... for our volunteers,
for our equipment... and for our patients.**

We are investing in safe, reliable transport for our International missions as well as for our community clinics – to extend the preventative and treatment services to the most remote, most forgotten, and most in-need patients we serve. Your use of this envelope helps us get closer to our goals – helping to continue changing smiles, and changing lives!

Please complete and enclose payment (Cheques payable to Dentistry for All)
